Approval and Promulgation of Implementation Plans for Air Quality Planning Purposes; Minnesota**AGENCY:** Environmental Protection Agency (USEPA).**ACTION:** Proposed rule.

SUMMARY: The USEPA proposes to approve the sulfur dioxide (SO₂) State Implementation Plan (SIP) revision for the St. Paul Park area of Air Quality Control Region 131. The Minnesota Pollution Control Agency (MPCA) submitted a proposed SIP revision for SO₂ for the St. Paul Park area on December 11, 1992, in response to modeled violations of the SO₂ National Ambient Air Quality Standards (NAAQS). The submittal included an administrative order for the Ashland Petroleum Company-St. Paul Park Refinery, in addition to dispersion modeling and technical support intended show that the limits are sufficient to attain and maintain the NAAQS for SO₂. A subsequent SIP revision, containing an amended administrative order for Ashland Petroleum Company and additional technical support, was submitted on September 30, 1994. In the Final Rules Section of this **Federal Register**, USEPA is approving the State's SIP revision as a direct final rule because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. Additionally, a notice of proposed disapproval of the SIP revision was published on September 2, 1994 (59 FR 54653). In that document, it was specifically stated that if the issues identified within were satisfactorily addressed in the allotted time and if no other substantive, adverse comments were received, USEPA would proceed with a direct final approval. No comments were received on the proposed rulemaking. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule no further activity is contemplated in relation to this proposed rule. If USEPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The USEPA will not institute a second comment period on this notice.
